Pyramid Of Peril is a real time 3-D, action adventure game designed specifically for the power of Macintosh! You are on an archaeological expedition in search of the sacred idol. Finding it and staying alive is the challenge! There are six levels in the Pyramid, and you must find your way through all six levels, lighting various demons, devils, and other evils lurking in the halls and anterooms of this ancient tomb. You begin in excellent physical condition, but the fighting can wear you down, so be careful... many have gone before, and not lived to tell the tale You may find messages from previous expeditions, left to help and warm you about the terrors of the Pyramid! Good hunting, and remember... There is no other adventure like it.
